**SIRC Named Prime Contractor for NASA SEWP V Contract NNG15SD74B
as a HubZone and Women-Owned Small Business**

Award makes SIRC's portfolio of leading solutions providers and IT services available to federal agencies with Period of Performance through April 30, 2025

The NASA SEWP V contract offers many advantages , but now due to the urgency created by COVID-19 pandemic situation, NASA SEWP is temporarily authorizing RFQs to close within a single business day to expedite orders. Plus, the Office of Federal Procurement Policy has raised buying thresholds for both micro-purchase (MPT) and simplified acquisition (SAT) thresholds: MPT to \$20,000 from \$10,000 and SAT to \$750,000 from \$250,000 for purchases made in the U.S.
